January 22, 2001

CHARLOTTE, Mich., Jan. 22 /PRNewswire/ -- Spartan Motors, Inc. ([NASDAQ:SPAR](https://www.nasdaq.com/markets/stocks/SPAR)) today announced it completed the board-authorized repurchase of 2 million shares, or 16 percent of its stock.

The Charlotte, Mich.-based manufacturer of custom chassis and emergency vehicles said it completed the repurchase program with the open market buyback of 770,000 shares during November and December 2000 at an average price of \$2.54 per share. Spartan commenced the 2 million share repurchase in November 1999. As of December 31, 2000, the Company reported 10,518,077 shares outstanding.

"Our decision to buy back over 16% of our common stock over the past year is a clear indication of our confidence in the underlying value of Spartan Motors," said John Szykiel, Spartan Motors president and chief operating officer. "We have weathered a slowdown in the RV market and are again seeing increased momentum in our chassis business. Additionally, our emergency vehicle subsidiaries are profitable and growing, and with our exit from the school bus business, we are poised for strong year-over-year earnings growth in 2001."

"We continue to believe Spartan Motors stock is undervalued, and are setting out to prove it in 2001 with improved bottom line performance and a drive to increase shareholder value."
