Bimbo Bakeries Celebrates Safety Milestone With Utilimaster

December 12, 2011

WAKARUSA, Ind., Dec. 12, 2011 (GLOBE NEWSWIRE) -- Bimbo Bakeries USA will be teaming up with Utilimaster, a subsidiary of Spartan Motors, Inc. (Nasdaq:SPAR), to celebrate a record 228 days without a recordable injury or incident in all Fleet Maintenance Garages across the United States.

"This is an exciting milestone for Bimbo Bakeries," said Art Parr, Bimbo Bakeries Fleet Safety Manager Reading, Pa. "We've implemented numerous safety initiatives into our Fleet Maintenance Garages with the assistance of Utilimaster as our vehicle provider, and we're thrilled with the results."

Bimbo trucks feature numerous safety enhancements, including a large yellow ergonomic cab entry handle, anti-skid material in the step well, ribbed cargo flooring (for non-slip), a back-up camera, center grab handle for pull-out walkway ramp, and interior and exterior LED lighting.

Added DeRay Steffensen, Utilimaster's National Baking Account Manager, "We're seeing fleets concentrate more and more on safety enhancements in their vehicles, including Bimbo Bakeries who sets an exemplary precedent within the baking industry. Our engineers research the latest innovations, and continuously accompany drivers on their routes to understand their needs and offer practical solutions to improve safety on new and existing trucks."

Bimbo Bakeries USA operates 10,000 route trucks, 3,000 trailers, and 1,100 tractors in the US. Both Bimbo and Utilimaster have combined innovative ideas to make the vehicles safer, more cost effective, and will continue reviewing new ideas as operations expand.

The safety milestone will be celebrated at nine different Bimbo regions throughout the country, including New York, Pennsylvania, California, Colorado, Texas, and Michigan.
