## **Spartan Motors Hosts Tailgate Party on Streets of New York City With 40-Foot RV, 16-Ton Bomb-Resistant MRAP Vehicle, 2008 Fire Truck Models**

December 14, 2007

Monday, December 17; 8:00 a.m. to 2:15 p.m.

NEW YORK, Dec. 14 /PRNewswire-FirstCall/ --

WHO: Spartan Motors (Nasdaq: SPAR), leading manufacturer of the world's most modern specialty vehicles.

WHAT: Specialty Vehicle Showcase featuring:

Newmar All-Star UTV - This one-of-a-kind luxury prototype RV, the UTV (Ultimate Tailgating Vehicle), is designed specifically to enhance the tailgating experience. The UTV has two kitchens and two onboard bathrooms, two 17-foot-wide awnings and four flat screen TVs, the largest of which, a 52-inch, can be seen outside when an exterior panel is opened. Another panel opens on the outside to reveal a heavy-duty Jenn-Air gas grill, which slides out on a shelf.

RG33 MRAP Vehicle - BAE's RG33 MRAP (Mine Resistant Ambush Protected) vehicle is the Army Medical Core's answer to the #1 threat in Iraq and Afghanistan, IEDs, which have been linked to more than 60 percent of U.S. combat deaths. The MRAP's v-shaped steel hull can withstand a mine or bomb detonation and protects the occupants as well as the engine and chassis, substantially increasing survivability.

Crimson Fire Boomer(TM) - Features the industry's first multi-function aerial waterway, and 28-foot water stream that can be rotated 360 degrees and elevated from -10 degrees to 90 degrees. The innovative design enables interchangeable high-pressure hydraulic or air rescue tool connections, capable of lifting up to 1,000 pounds and a 6,000-watt light tower.

WHEN: Monday, December 17, 8:00 a.m. to 2:15 p.m.

WHERE: Ritz-Carlton Hotel, 50 Central Park South at 6th Avenue
