

The Shyft Group goes digital for manufacturing day, hosts nation-wide Student event

September 28, 2020

Students will hear directly from general assemblers, team leads, engineers, and talent specialists about careers in manufacturing at The Shyft Group and its family of go-to-market brands

NOVI, Mich., Sept. 28, 2020 /PRNewswire/ -- [The Shyft Group](#), (NASDAQ: SHYF) ("Shyft" or the "Company"), the North American leader in specialty vehicle manufacturing, assembly, and upfit for the commercial, retail, and service specialty vehicle markets, announced it will host a live, virtual event for Manufacturing Day for this year, for students across the country, in proximity to their 15 coast-to-coast campus locations. With this new digital format, Shyft expects to reach more students than in previous years. The event will take place on Sept. 29 from 1:00 – 1:30 p.m. EDT.

"Work force development is a key need in our industry, and we are committed to educating the next generation of leaders and skilled tradespeople about the many careers manufacturing and its support functions have to offer," said Daryl Adams, President and CEO, The Shyft Group. "For us, this is a chance to share our passion for manufacturing with students, learn about their goals, and explore what's next for the industry. As such, it's one of our favorite events, and we're excited to share our enthusiasm for our business and for manufacturing."

During the live event, students will hear directly from engineers, team leaders, assemblers, and talent specialists about careers in manufacturing at The Shyft Group and its family of go-to-market brands.

This will be The Shyft Group's fourth consecutive year opening their doors and sharing their expertise with students for Manufacturing Day. In prior years, Shyft welcomed local students at Utilimaster locations in Ephrata, Pennsylvania, and Bristol, Indiana, as well in Charlotte, Michigan. This year's virtual event will allow Shyft to accommodate more students, regardless of their location or virtual learning platforms. To date, event organizers have engaged with participating high schools and middle schools in Michigan, Indiana, California, Pennsylvania, South Carolina, and Missouri.
