

## The Shyft Group Secures ZEP Cert and GHG Certifications for Blue Arc™ EV Truck

September 5, 2024

*Nationwide Access to Innovative EV Solutions and Significant Financial Incentives for Customers*

NOVI, Mich., Sept. 5, 2024 /PRNewswire/ -- [The Shyft Group, Inc.](#) (NASDAQ: SHYF), the North American leader in specialty vehicle manufacturing, assembly, and upfit for the commercial, retail, and service specialty vehicle markets, has announced that its Blue Arc™ Class 4 EV truck has received both Zero-Emission Powertrain Certification (ZEP Cert) and a Heavy-Duty Greenhouse Gas (GHG) Enhanced Electric Executive Order from the California Air Resources Board (CARB). These certifications allow Shyft's Blue Arc trucks to be sold across all 50 states, providing customers with access to cutting-edge, commercial-grade EV solutions.

"Achieving ZEP Cert and GHG certifications validates the performance and reliability of our zero-emission powertrains, boosting confidence in the durability and efficiency of our EV trucks," said John Dunn, President and CEO of the Shyft Group. "This underscores our commitment to delivering advanced, environmentally responsible solutions that facilitate the transition to electrified fleets and contribute to a greener future."

In addition to these certifications, the Blue Arc EV truck is now listed as an eligible purchase in the Hybrid and Zero-Emission Truck and Bus Voucher Incentive Project (HVIP). This program offers substantial financial incentives, with additional adjustments for small fleets and disadvantaged communities, promoting the adoption of cleaner, quieter, and more efficient commercial trucks through point-of-sale discounts. Customers in states with zero-emission truck regulations can also benefit from a range of other state and federal incentive programs, resulting in significant cost savings and a faster return on investment for fleet operators transitioning to electric vehicles.

### **About The Shyft Group**

The Shyft Group is the North American leader in specialty vehicle manufacturing, assembly, and upfit for the commercial, retail, and service specialty vehicle markets. Our customers include first-to-last mile delivery companies across vocations, federal, state, and local government entities; the trades; and utility and infrastructure segments. The Shyft Group is organized into two core business units: Shyft Fleet Vehicles and Services™ and Shyft Specialty Vehicles™. Today, its family of brands include Utilimaster®, Blue Arc™ EV Solutions, Royal® Truck Body, DuraMag® and Magnum®, Stobes-R-U's, Spartan® RV Chassis, Red Diamond™ Aftermarket Solutions, Builtmore Contract

Manufacturing™, and Independent Truck Upfitters. The Shyft Group and its go-to-market brands are well known in their respective industries for quality, durability, and first-to-market innovation. The Company employs approximately 3,000 employees and contractors across campuses, and operates facilities in Arizona, California, Florida, Indiana, Iowa, Maine, Michigan, Missouri, Pennsylvania, Tennessee, Texas, and Saltillo, Mexico. The Company reported sales of \$872 million in 2023. Learn more at [TheShyftGroup.com](https://www.theshyftgroup.com).

This release contains information, including our sales and earnings guidance, all other information provided with respect to our outlook for 2024 and future periods, and other statements concerning our business, strategic position, financial projections, financial strength, future plans, objectives, and the performance of our products and operations that may constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. We intend the forward-looking statements to be covered by the safe harbor provisions for forward-looking statements in those sections. Generally, we have identified such forward-looking statements by using words such as "believe," "expect," "intend," "potential," "future," "may," "will," "should," and similar expressions or by using future dates in connection with any discussion of, among other things, the construction or operation of new or existing facilities, operating performance, trends, events or developments that we expect or anticipate will occur in the future, statements relating to volume changes, share of sales and earnings per share changes, anticipated cost savings, potential capital and operational cash improvements, changes in supply and demand conditions and prices for our products, trade duties and other aspects of trade policy, statements regarding our future strategies, products and innovations, and statements expressing general views about future operating results. However, the absence of these words or similar expressions does not mean that a statement is not forward-looking. Forward-looking statements are not historical facts, but instead represent only the Company's beliefs regarding future events, many of which, by their nature, are inherently uncertain and outside of the Company's control. It is possible that the Company's actual results and financial condition may differ, possibly materially, from the anticipated results and financial condition indicated in these forward-looking statements. Management believes that these forward-looking statements are reasonable as of the time made. However, caution should be taken not to place undue reliance on any such forward-looking statements because such statements speak only as of the date when made. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. In addition, forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from the Company's historical experience and our present expectations or projections. In addition, forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from the Company's historical experience and our present expectations or projections. These risks and uncertainties include, but are not limited to the risks and uncertainties described in "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2023, and those described from time to time in our future reports filed with the Securities and Exchange Commission (SEC), which are available at [www.sec.gov](https://www.sec.gov) or our website. All forward-looking statements in this release are qualified by this paragraph. Investors should not place undue reliance on forward-looking statements as a prediction of actual results. We undertake no obligation to publicly update or revise any forward-looking statements in this release, whether as a result of new information, future events, or otherwise.
